

KLINE'S

auto inc.

Lesonal HS Surfacers Sealer is a two component urethane primer/surfacer/sealer. As a primer surfacer, HS Surfacers Sealer dries quickly and sands easily without loading sandpaper.

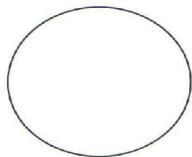

As a sealer, HS Surfacers Sealer can be applied directly over properly cleaned OEM parts without sanding, saving hours of preparation time.

Now available in three colors, HS Surfacers Sealer can be mixed in various shades for optimum hiding of your top coat. Simply follow the chart below to mix the right shade for your application..

Features:

- Excellent build and filling properties
- Excellent solvent resistance and color hold out
- Multiple application options – high build filler to sealer
- Easy sanding and featheredging properties
- Three colors allow for optimum hiding of the top coat
