

## National Coatings & Supplies

### Select MasterTint® Xirallic Containing Powdered Pearls Going To 50 Gram Fill

The purpose of this note is to inform you of temporary packaging changes.

In order to extend the supply of Xirallic containing tints, DuPont Refinish will be temporarily supplying some MasterTint® EFX powdered pigment in 50 gram fill. The list includes 1020S™, 1021S™, 1023S™, 1024S™ and 1025S™. Introduction of these new 50 g fill SKUs will occur as inventory of 100 g fill for the individual items if depleted. Production will be restored to 100 g fill when the Xirallic supply situation is resolved.
