

SUPERCEDED TONERS

Akzo Nobel is committed to limiting the health safety and environmental risks involved with the use of our products. Therefore, we have decided to eliminate the lead containing toners from our U-Tech product line. Alternative lead-free toners are already available in the line.

Rationalized toners		Replacement toners	
SAP#	Toner#	SAP#	Toner#
399031	223	398506	224
399036	229	398507	232
399059	286	398508	287
