

## Norton Masking Products

### Automotive Polycoated Masking Paper

Ideal for providing protective aprons over adjoining areas during repaint operations. Protects against penetration or over-spray. Norton Masking Polycoated Paper is strong, yet flexible.

### Overspray Sheeting

"Value" paintable overspray sheeting is a medium-density, corona-treated plastic.

### Premium Masking Tape

- Easy-to-see tan color
- No bleed through
- Stays in place
- No curling edges or rollback

### Blue Sheeting

With Norton Blue Sheeting, paint will adhere to the outside layer of plastic, eliminating paint flake-off, allowing for direct spray. Blue Sheeting features an easy-to-open fold pattern. All sizes come on a standard core to fit all current plastic masking dispensers, so one person can mask the vehicle alone.

### Blue Wrap Wheel Maskers

- Tri-layer plastic
- Paintable - NO Flaking
- Fully covers both sides of the wheel
- Covers wheels up to 17"

### Fine Line Tape

- "Pucker-free" cornering
- Straight edges on long runs
- Stays in place
- No curling edges or rollback

# NORTON RECOMMENDED PRODUCTS FOR SHOPS USING WATERBORNE

## Norton Multi-Air System

The Norton Multi-Air Process combines the revolutionary maximum dust extraction Multi-Air back-up pad and hand blocks with premium abrasive Multi-Air discs and body files to optimize performance, increase productivity and eliminate dust. Multi-Air back-up pads must be used with Multi-Air discs and the holes aligned in each for the Multi-Air system to work properly.

### Multi-Air NorGrip Back-Up Pads and Discs

A275 "Original Performance" on hook and loop NorGrip discs offer the longest life and fastest cut for any sanding job in the bodyshop. Multi-Air discs must be used only with Multi-Air back-up pads.

Innovative design for optimal air flow and powerful dust extraction. The soft pad is only for use on extreme contours not exceeding the rated speed using NorGrip 320 grit and finer.

### NorGrip Multi-Air Body File Sheets and Hand Blocks

A975 "Dry Ice" and H835 BlueMag on hook and loop NorGrip Body File Sheets are perfect for refinishing jobs that require an extremely durable abrasive grain with a strong reinforced backing that cuts fast plus lasts extra long without generating heat.

The Hand Blocks are ideal for hand sanding without the dust. The ergonomic handle makes it easy to hold and move in any position. Each block comes with a regulator adapter to control air flow and a reducer to allow it to connect to a standard vacuum hose line.
