

Go With The Flow

3M™ PPS™ Paint Preparation System with *NEW* 200 Micron Welded-in Filters

Painters that participated in a nationwide field test comparing our *NEW* 200 Micron Welded-in Filter to the original 200 Micron Cartridge Filter commented on the following:

- Better paint flow
- More efficient
- Improved overall performance

The PPS™ System continues to provide painters with a quicker more efficient way to paint, therefore improving cycle times and increasing profitability.
