

Peterbilt Dash Paint Repair Vinyl Matches To Velvashield® Colors

The following tables contain color match numbers, applications, and formulas for paint repair of Peterbilt truck dashes.

Model 387 Dash S62-6015-____XXX

The last 3 digits of the dash part number suffix indicate color. Color is applicable to all painted dash surfaces.

Medium Light Gray	J28316		Medium Taupe	J28317	
	305S	76.1		305S	80.8
	801J	13.5		801J	7.0
	806J	8.0		806J	5.9
	882J	0.7		881J	0.7
	884J	1.7		884J	5.5
		100.0			100.0

Model 379 Dash S62-6018-____XX

The last 2 digits of the dash part number suffix indicate color.

The Filler Panel, which is the section of the dash containing the windshield defrost louvers between the padded upper section and the windshield, is always either dark gray (Shadowland) or dark taupe (Saharan Taupe)

379 dash p.n. ending :	01	11	12
Dash below padded top	J31925 (Shadowland)	J31923 (Cod Gray)	J31924 (262 Taupe)
Dash between padded top & windshield	J31925 (Shadowland)	J31925 (Shadowland)	J31927 (Saharan Taupe)
