

U – Tech E350 Epoxy Primer Introduction

Akzo Nobel introduces the new U-Tech E350 Epoxy Primer. E350 offers improved filling properties while offering excellent flow and leveling, a true winning combination. Available in 3 colors: Gray, Black, and White, E350 extends the hiding capabilities of any topcoat system.

The U-Tech E350 will replace the current E360 and hardeners E375/E376. Please be sure to use up your existing E360 series products before ordering the new E350 series.

Item #	Description	Size
