

CBC Cleaner Aerosol Technical Data Sheet

Description

CBC Cleaner is a surface cleaner as well as a preparatory step in assuring proper adhesion of all **ColorBalancer Products**.

ColorBalancer is a patent pending, point of delivery color matching aid that is designed to assist in the color tinting of adjacent panels to achieve color match acceptance as well as a color adjusting topcoat.

Application

Use only in a well ventilated area.

1.) Spray

Shake the **CBC Cleaner** vigorously for 30 seconds. Apply **CBC Cleaner** liberally to substrate to remove wax, grease, silicone, dirt, tar, and insects.

2.) Wipe

Wipe the surface while still wet to remove surface contamination. Reapply if necessary.

3.) Once surface is clean and dry.

Follow Technical Data Sheets for application of **ColorBalancer Products**.

VOC Regulated Areas

These directions refer to the use of products which may be restricted in VOC regulated areas. Follow usage recommendations in the VOC Compliant Products Chart for your area.

Safety and Handling

Before using any ColorBalancer Product, be sure to read all safety directions and warnings. WEAR A PROPERLY FITTED AIR PURIFYING RESPIRATOR with organic vapor cartridges (NIOSH approved TC-23C) and particulate filter (NIOSH TC-84A), eye protection, gloves and protective clothing during application and until all vapors and spray mists are exhausted. In confined spaces, or in situations where continuous spray operations are typical, or if proper air purifying respirator fit is not possible, wear a positive-pressure, supplied air respirator (NIOSH TC-19). In all cases follow respirator manufacturer's directions for respirator use. Do not permit anyone without protection in the painting area. This product is intended for industrial use only by professional, trained painters.
